

DEED OF TRUST

1

2 *Verily it is trust itself that springs from a mothers breast*

3 *Trust is the bedrock sought in a lover's eyes*

4 *Trust is the fount from which flows the liberties of life*

5 *We trust that you shall honour and cherish this mutual trust!*

6 Joseph Ray Sundarsson

7 1 SYNOPSIS

8 When you wish to take responsibility for your actions, possess the ability to discriminate between right and wrong, the skill to
9 assess and accept risk, and the integrity to make your word your bond which underpins the 'unwritten' common law, you are
10 ready for the blessings of a **deliverable, voluntary gold standard**.

11

12 We have used Free English to make a complex subject accessible. We are talking about the realisation of **Right Action** rather
13 than waiting on the sidelines 'hoping for change'.

14 2 WHO WE ARE

15 The **Global Settlement Foundation** (GSF) has been set up by free men with sufficient but limited means, who have an
16 understanding of fundamental economic principles and common law. GSF employs the latest technology to act as a system
17 where finality of settlement is an inherent characteristic.

18 In the first instance, Her Majesty The Queen of England was notified, before any other, about the recent developments
19 concerning the foundation. Her Majesty's government was also notified. The process of public notice to all Heads of State is
20 ongoing as of 12 Feb 2011. This is the common law process of **honour**.

21 The **Globals Isles Court of Record** (GICOR) is the designated court that examines issues of interest concerning the
22 establishment and running of the foundation as declared in our Public Notice to Heads of State **"In upholding the highest
23 traditions of English Civilization, this letter gives notice to Your Excellencies, that the Global Settlement Foundation (GSF),
24 is an independent and sovereign organization that provides finality of settlement for global trade"**.

25 The Global Settlement Foundation has established **GSF System Ltd** (hereinafter "GSF System") as an Express Trust with limited
26 liability under common law. GSF System allows men and women to become beneficiaries of the Global Settlement Foundation,
27 provides final settlement for statutory currencies and facilitates a lawful, voluntary process for those who wish to enjoy the
28 benefits of a **deliverable, voluntary gold standard**.

29 3 WHAT WE DO

30 The purpose of the Global Settlement Foundation is to establish *finality of settlement* for global trade. This is to be achieved by
31 implementing the voluntary, deliverable gold standard known as the Global Standard detailed below.

32 4 TERMS AND CONDITIONS OF TRUST

33 1. INFORMATION

34 GSF System publishes information via its web site and by other means. The information is located on the private property of
35 GSF System. The information is published on the internet, the private internetwork of contracts that allows information to travel
36 to your computer located on your private property. The copy that arrives is your property. Conversely, any information you
37 upload to GSF System becomes the property of GSF System. You have no rights over our property and we claim no right over
38 your property, thus:

39 Ownership of the copy is hereby transferred, free of charge or further contractual obligation, to any individual or person
40 obtaining a copy of the information or part thereof - for example text in any language, images, instructions, strategies, computer
41 code and associated files (the "Information"), to deal in the Information without restriction, including without limitation the
42 rights to use, copy, modify, merge, publish, create with, distribute, sub-license, and/or sell copies of the Information, and to
43 permit individuals or persons to whom the Information is furnished to do so, subject to the following conditions:

44 The information is provided "as is", without warranty of any kind, express or implied, including but not limited to the warranties
45 of merchantability, fitness for a particular purpose and non-infringement. In no event shall the authors or publishers be liable for
46 any claim, damages or other liability, whether in an action of contract, tort or otherwise, arising from, out of or in connection
47 with the information or the use or other dealings in the information. Further, by proceeding to read or use the information you
48 agree to indemnify, defend and hold the authors and publishers harmless.

49 In the case of images the majority are in public domain while certain signed illustrations and quotations remain in the
50 ownership of the originator and can only be republished with the signature of the author intact.

51 2. COMMON LAW

52 Common law, *lex terrae*, 'we shalt not cause harm or loss to another', governs our conduct. These words are derived from
53 ancient wisdom - 'Do as thou will and harm no other'.

54 By doing as we will we take ownership of our actions and thus we tacitly agree to be accountable to our actions.

55 The common law as discovered in a Court of Record, is freedom itself. Such a Court of Record is a superior, sovereign court to
56 any of the corporate, 'statutory', administrative courts in use worldwide. This site and our publications already referred to will
57 assist you in the comprehension of common law, which is the law of sovereigns. We trust that you will conduct yourself within
58 the bounds of common law as discovered by a Court of Record.

59 3. COURT OF RECORD

60 The Global Isles Court of Record (GICOR) is the designated court that examines the issues raised by the operation of the Global
61 Settlement Foundation and GSF System. **By visiting our site and/or using GSF System you agree to the jurisdiction of the**
62 **Global Isles Court of Record.**

63 4. USE OF PASSPORTS OR OTHER 'GOVERNMENT IDENTIFICATION'

64 GSF System requires beneficiaries of accounts at GSF System to provide identification. The purpose of requesting this

65 identification is to (a) To identify the said beneficiaries so they may instruct GSF System, (b) Provide settlement of statutory
66 currencies into and out of deliverable gold Globals or silver Isles and (c) Ensure that no funds sourced in crimes against
67 humanity or other funds that are not 'good and lawful' enter or exit GSF System without due process by a Court of Record.

68 5. GOOD AND LAWFUL SOURCE OF FUNDS

69 **You warrant that the source of funds, namely the activity that resulted in your control over funds that you wish to settle**
70 **into or out of GSF System is free of crimes against humanity and the result of good and lawful activity.**

71 6. SETTLEMENT OF STATUTORY CURRENCIES

72 You may obtain gold Globals or silver Isles by private trade from any entity who controls such, some of whom carry out their
73 own due diligence regarding 'good and lawful funds'.

74 In the case that you wish to send or receive 'bank funds' by 'bank wire' with a GSF System listed entity, you will have to provide
75 identification documents and proof of control over the bank account from which you will send or receive funds.

76 Within GSF System, only approved entities that are supervised by GICOR can deliver gold into and out of GSF.

77 7. SETTLEMENT OF TRUST FOR GSF BENEFICIARIES

78 The Global Settlement Foundation will settle each named beneficiary trust's account at GSF System with 10 Globals. The Global
79 Settlement Foundation is the sole settlor of such an express trust.

80 8. VERIFICATION OF NAMED BENEFICIARIES

81 GSF System shall designate an entity to verify that the man or woman who wishes to become a named beneficiary of GSF is
82 duly qualified and that the source of funds is good and lawful. Such an entity may collect a fee for such verification work not to
83 exceed 100 Globals or its statutory currency equivalent per verification incident. The rights, responsibilities and privileges of
84 such a beneficiary is detailed below.

85 9. MAN OR WOMAN, RATHER THAN 'CITIZEN'

86 You hereby make claim that you are a man or woman of the land, not just a 'citizen' or 'subject' and that you will take steps
87 under common law to rein in those who claim that they are your 'representatives'.

88 10. GLOBAL STANDARD

89 The unit 'One gold Global™' shall be deliverable as 0.1 gram by mass of 0.999 fine gold. Prefix G, symbol GLO.

90 The unit 'One silver Isle™' shall be deliverable as 0.1 gram by mass of 0.999 fine silver. Prefix S, Symbol SIL.

91 GSF System issues gold Globals and silver Isles deliverable as 10,000.00 units in 1Kg bars.

92 GSF System physical vouchers shall embed at least 70% of the face value into the physical instrument. Each GSF System
93 instrument is an express trust under common law where the bearer is the trustee of the gold in his hand and the GSF as trustee
94 on the remainder.

95 GSF System physical vouchers shall include visual, metallurgic and mathematical security features.

96 GSF System will accept whole multiples of 10,000 Globals or Isles and deliver 1Kg bars.

97 The men and women who are the bearers of these instruments as trustees, shall conduct the business of the trust which is to
98 earn Globals and Isles, by good and lawful trade in order to take possession of Kilo bars.

99 You agree that all who are in this position of trust shall pass freely by private or public transportation across the roadways,
100 airways and waterways of this Earth.

101 GSF System issues digital vouchers against metal held by GSF. GSF System digital vouchers are divisible down to one millionth
102 of a gold Global or silver Isle. Issued vouchers are circulated by mathematical ledger systems such as TruLedger and Loom.

103 GSF System shall change the voucher identification type annually and publish a contract that specifies the storage fee and
104 escheat schedule to recover 'lost' vouchers. Note, vouchers being bearer instruments, can be lost just like you may lose a note
105 or coin, and the system must at all times be able to estimate its total liability. Users will be able to swap the old issues for new
106 issue at the end of their annual validity, at which time the storage fee shall be deducted. No vouchers shall be valid beyond 5
107 years after the last valid day of use.

108 It is noted that the storage fees ensure that the Global Settlement Foundation is not a 'fractional reserve' system. GSF System
109 shall maintain internal checks to ensure inventory and quality control.

110 11. TRUST, THE BEDROCK

111 In order that we can serve you as trustee we claim the fundamental unalienable right to protect and defend trust itself and that
112 we may expect the same from you.

113 We trust that you shall take Right Action at all times.

114 We trust that you shall discriminate wisely and live in peace and harmony with the common law.

115 12. PRIVACY AND CONFIDENTIALITY

116 All information entering GSF System servers becomes the property of GSF System and is stored with cryptographic safeguards.

117 All GSF System digital and physical vouchers are bearer instruments.

118 GSF System imposes no restriction on the transfer of vouchers. Since the vouchers form part of the private trust business of GSF
119 System, no third party may restrict the use of such vouchers.

120 Accounts with GSF System whose beneficiaries initiate a transfer into or out of GSF System authorize GSF System to share such
121 information as may be necessary with the assigned transaction partners.

122 You authorize GSF System to represent the trust for the purpose of completing such a transaction. Further, you agree to execute
123 such contracts as may be necessary to GSF System members who are commercial, statutory entities who are contracted with
124 achieving the final settlement of such transaction. Such entities may have their own fees, terms and conditions which if you do
125 not accept, your recourse is to cancel the transaction or seek an alternate entity in the GSF system marketplace.

126 All GSF System digital and physical vouchers are bearer instruments therefore users should take sensible precautions in its use.

127 You agree to keep your computers, accounts, transaction and interactions with GSF System and GSF System members secure
128 and confidential. GSF System is not responsible for losses caused by your negligence in this matter.

129 13. FEES

130 All accounts at GSF System shall be charged a trustee fee of 2.5% per annum on the average daily balance.

131 14. GSF SYSTEM MARKETPLACE

132 The GSF System software brings marketplace participants together for the purpose of lawful trade. The software has been
133 designed to allow web based access as a 'web site' as well as for secure, distributed peer-to-peer lawful trade. The actual
134 transactions are not handled by GSF System – they are handled by the operators of digital accounting systems. Downloadable
135 clients shall be open source.

136 GSF System shall maintain multiple routes to access the marketplace, with emphasis on distributed peer-to-peer secure,
137 anonymous, untraceable systems. The initial <https://secure.gsfsystem.com/> website is provided as a convenience only. GSF
138 System shall document and publish the multiple channels of access.

139 The GSF System marketplace shall feature all manner of contracts issued by multiple issuers. Such contracts shall include but
140 not be limited to 'real bills', equity, commodity contracts, futures contracts, retail goods and services.

141 15. RISK

142 The GSF System marketplace has risks inherent in any market as well as the usual risk of *force majeure*. In addition, this
143 historical era features *force majeure* risks caused by out of control 'national associations' and their instrumentalities. By using the
144 GSF System you agree to accept all such risks and to defend and hold GSF System harmless from any such events.

145 16. GSF SYSTEM SEAL

146 GSF System has adopted PGP key ID 0xBAAB8B50 fingerprint 8CF7 88FC 6121 232C AB1A BCB2 E543 1125 BAAB 8B50 as
147 its seal. GSF System may publish other keys signed by this key as valid for specific purposes.

148 17. DEED OF TRUST

149 Upon acceptance and verification by GSF system, Global Settlement Foundation shall settle this Express Trust named
150 _____ GSF System Trust Number¹

151 _____ with mailing address _____

152 _____ with 10 Globals. This Express

153 Trust shall be for the benefit of the living man or woman, the applicant, who marks this deed with their signature. The applicant
154 agrees to keep electronic contact information and the physical and/or mailing address up to date with GSF System.

155 The applicant agrees that any account not accessed for 5 calendar years since the date of last access or transaction shall
156 become dormant. GSF System will then make at least 5 attempts to contact the beneficiaries at the expense of the named trust
157 over a period of one calendar year. If no contact is possible within one calendar year of such contact attempts, the trust shall be
158 dissolved and the account escheat to GSF. GSF System shall maintain an automated system of contact to minimize any risk of
159 accounts turning dormant.

160 In the event that the above named trust is for the benefit of an existing entity with multiple beneficiaries or shareholders for

1 _____
1 GSF System Trust Number will be assigned by GSF System.

161 whom the applicant acts as attorney-in-fact, the applicant shall maintain a list of living beneficiaries and their proportion of
162 shares within GSF System. In the case of a 'public' limited company, evidence of listing in a 'public' market is sufficient. The
163 applicant shall also provide a resolution of the board of directors of the entity authorizing the applicant with power of attorney
164 to act in its name. The named trust created by GSF will be for the benefit of the named entity and its living beneficiaries with
165 the applicant acting as attorney-in-fact for such.

166 GSF System trusts that you will protect and defend GSF System from those who would seek to destroy it. GSF System trusts that
167 you will not condone parasitic behaviour or encourage dependence. GSF System trusts that you will pursue your life, liberties
168 and the pursuit of happiness in consonance with common law as discovered by a Court of Record.

169 GSF System trusts that you will bring immediately to the attention of GSF System, GICOR or a competent Court of Record any
170 information or act that that did, would or could damage this trust.

171

172 In witness whereof, I a living man/woman of the land, on this ____ day of the _____ month in the year _____, in this
173 _____place, do hereby make my mark of identity and intent, to wit, my signature, upon
174 this Deed of Trust, which when accepted by GSF system shall be settled as an Express Trust by Global Settlement Foundation
175 with 10 Globals. I accept my rights and responsibilities as the living beneficiary of this trust.
